11:00 - 1:00 pm

Native Plant Bazaar &  
Pollinator Expo

1:00 - 3:00 pm

Workshops

*Donations welcome*

*Registration encouraged (required for workshops)*

In commemoration of 2024 National Pollinator Week, The Vermont Pollinator Working Group presents a celebration of all-things pollinators! From managed honey bees, to butterflies, to the 350 species of native bees in Vermont, hear from experts about their extraordinary diversity, importance, and global challenges. Learn what you can do to support pollinators!

## Keynote Presentations

Native Bees, Food, and You

Taylor Ricketts, PhD

Global Threats to Managed and Wild Pollinators

Emily May, Xerces Society

Creating Pollinator Habitat Enhancement Plans  
for Farms

Jane Sorensen, Northeast Pollinator Plants

## Workshops

Plant a Pollinator Garden

Know Your 5: Wild Pollinator Walk

Varroa Mite Testing in the Field
